VIKING ACADEMY TRUST MISSION, VISION & VALUES

VIKING VISION STATEMENT: Empower children through education - 'One Childhood One Chance'

VIKING MISSION: Viking Academy Trust is committed to improving the life chances of all children. Through high quality teaching and learning and an innovative, inspirational curriculum; our children's will discover a love of learning, a thirst for knowledge and the opportunity to develop their talents beyond the confines of the classroom!

VIKING VISION: Our vision is to ensure every child achieves his/her potential through a relentless focus on high quality teaching and learning. Ensuring all children make good or better progress in reading, writing and maths is our core purpose. All staff consistently and energetically use the most effective methods for teaching these basic skills. High quality training, from leading experts in English and maths teaching, equips them to do so.

Underpinning this is:

- outstanding day-to-day assessment and feedback of children's work;
- first-rate systems for tracking, identifying and celebrating children's progress;
- an exciting, relevant and inspiring curriculum;
- excellent support for the needs of each child.

Our learning environments are vibrant, supportive and welcoming. Classrooms are full of children motivated by positive, well-paced and purposeful lessons. Our staff are passionate about the children's success and ensuring every school in the Viking Academy Trust provides a first class education for every child.

We understand that children will achieve best when home and school work together. Effective communication and our 'Open Door Policy' underpin our strong parent relationship. Every parent/carer feels proud of their child's achievements - and knows exactly what these are. Clear guidance is given about the best ways to support their children with their learning out of school.

All of this is done because, at the Viking Academy Trust, our children and their education matter more than anything else. **One Childhood: One Chance!**

VIKING VALUES: Our values support the vision, shape the culture, and reflect what our Trust stands for. They are Viking's guiding principles...At the Viking Academy Trust, we have three core values: 'The power of 3' Leadership, Excellence & Teamwork to define our collaborative culture.

'One Childhood One Chance' The amount of time children spend in education is finite. We have a responsibility to ensure that every moment a child is in a VIKING school must be spent productively. Once wasted, it is gone forever and cannot be given back.

Leadership

All members of the Viking community are leaders: children and staff. Leadership for us is defined by courage, personal integrity, and having a vision which inspires and motivates our self and others.

Courage

Seizing the initiative, welcoming responsibility and confident to partake in courageous conversations. At Viking, we want our leaders to speak out, make themselves visible, and promote their views. They must be creative, thoughtful and innovative, but they must also be accountable and take responsibility for their actions.

Vision

Seeing the bigger picture.

We don't just want people with courage, we want people who embrace our Viking vision, in other words, people with a clear idea of what they would like to achieve for themselves and the children in their care.

Integrity

Being trustworthy and honourable.

Integrity, honesty, and accountability are at the core of ensuring the Trust is successful; and our success is measured by the children we help families educate.

Excellence

Means that we deliver what we promise - and add value that goes beyond what is expected. We achieve Excellence through Aspiration, Learning and Passion.

Aspiration

All members of staff aim for excellence in their individual professional roles and promote a 'can do' culture. Viking staff are prepared to go the extra mile to provide the best possible education for our pupils. The interests of children are always placed ahead of those of staff.

Learning

We learn by continuously developing - and deepening - our knowledge of an education system fit to meet the demands of the 21st century. To fully appreciate 'life-long learning' and have every member of the Viking Trust community understand the expectations on them.

Passion

Working in education, we have the ability to profoundly change children's lives; the stakes are incredibly high. Our aim should always be to provide for our pupils what we would want for our own children.

Teamwork

The best outcomes for our children come from working together with colleagues within the Trust, parents and the wider community. Effective teamwork demands strong Relationships, Respect and Sharing.

Relationships

Building productive, long-term relationships with our pupils, their parents and each other. The way we treat each other in achieving our objectives is just as important as what we achieve. That's why our staff enjoy working for the Viking Trust, why our parent community is supportive and our children are happy and successful.

Respect

Staff have a responsibility to be respectful and supportive of each other and lead by example. Negativity leads to low expectations and a culture where excuses are tolerated. Our Viking motto is: **'No excuse, No Compromise'**. We embrace diversity, and celebrate difference. At Viking, we are constantly thrilled by the intelligence, courage, kindness, musicianship and sporting prowess of our children!

Sharing

Collaborative working is key to the Viking Trust's success; readily sharing experience, resources and opportunities. Being open to change and, understanding it is only in the implementation of 'best practice' that all children in our Trust will succeed.

Viking Academy Trust Improvement Plan: Introduction

The **Viking Academy Trust** comprises of three Thanet primary schools: Chilton Primary School, Ramsgate Arts Primary School and Upton Junior School.

Viking Academy Trust (VAT) was established on 1st September 2016. Prior to this, Chilton Primary School and Ramsgate 'Free' School were the Chilton Academy Trust.

Viking Academy Trust (VAT) priorities for action across 2018/19 have been identified through consultation with all stakeholders of the three schools; pupils, parents, governors and staff. The Trust Leadership Team worked alongside the Trustees and Local Advisory Bodies (LABs) to discuss the short and long-term focus for the Trust as a whole and the individual schools within the Trust.

This plan has been designed to align self-evaluation with the Trust School Improvement Plan and each school's SEF (Self Evaluation Form) and Improvement Plan (SIP).

The overall judgement is, at this point in time, the Viking Academy Trust is providing a *VERY GOOD* quality of education for its pupils.

This judgement takes in to account the external moderation of standards from Ofsted inspections:

- ✓ Ramsgate Arts Primary School's Section 5 Inspection (May 2018), where 'Good' gradings were awarded across all criteria
- ✓ Chilton's most recent Section 8 Inspection (March 2018), where it was recommended a Section 5 Inspection is to follow in 18 months in order for the school to be awarded the 'Outstanding' judgement we were unable to achieve under the Section 8 format
- ✓ Upton's inspection (November 2014) where 'Outstanding' judgements were awarded across all criteria

The latest round of pupil progress meetings offer strong evidence that learning and progress continues to accelerate in all year groups across the three schools. Pupils' pride in their schools can be seen by the excellent conduct and manners; in class, outside lessons and on visits out of school. The pupils' attitude to learning is very positive, with all pupils' feeling safe at school and having a very good understanding of what constitutes unsafe situations.

Without exception, the staff teams, leadership at all levels, are united in the pursuit of an ambitious vision for the children of the Viking Academy Trust and at this point in the Trust's history, demonstrate excellent capacity to strive for an outstanding quality of education across each school.

Ofsted Key issues including progress towards the key issues identified at the last inspection

Chilton Primary School:

Next Steps for the school... (Ofsted Section 8 Inspection March 2018)

Leaders and those responsible for governance should ensure that:

- middle leadership is strengthened so that there is even greater impact on the quality of teaching and learning and pupils' outcomes
- there are even more creative and challenging learning opportunities across the curriculum.

SEF & SIP give detailed breakdown of actions. Below is a summary of progress to date:

PROGRESS IN PREVIOUS INSPECTION KEY ISSUES	Next Steps	Progress
	<ul style="list-style-type: none"> • middle leadership is strengthened so that there is even greater impact on the quality of teaching and learning and pupils' outcomes 	<ul style="list-style-type: none"> • Middle leaders given more structure roles and responsibilities: Maths, reading, writing +PaG, RWI, Sports and PE, Curriculum inc. ICT, Arts Curriculum, Well Being, Enrichment • Structure for accountability established through fortnightly meetings and development of aspects of School Improvement (including planning) • Trust wide collaboration established for Maths and English (beginning Sept 18) • Links with additional schools established for middle leaders
	<ul style="list-style-type: none"> • there are even more creative and challenging learning opportunities across the curriculum 	<ul style="list-style-type: none"> • English curriculum adjusted to provide greater flexibility and autonomy for class teachers in planning, teaching and learning • Use of 'entry' and 'exit' points used to emphasise creativity within curriculum • French curriculum reinvigorated and led by fluent speaker • Greater participation and use of learning activities outside of the classroom - allotment, forest area, excursions, visitors, competitions • Professional Development time regularly scheduled for curriculum planning • Approaches to planning IPC adjusted so that learning can be planned based on children's interests and existing understanding and knowledge • Planning for development of outside space underway

Ramsgate Arts Primary School:

Next Steps for the school... (Ofsted Section 5 Inspection May 2018)

What does the school need to do to improve further:

- Improve leadership & management by developing middle & subject leadership, to further develop teaching & the curriculum.
- Ensure that teaching provides suitable challenge for the most able pupils, including the most able disadvantaged, across all subjects.

SEF & SIP give detailed breakdown of actions. Below is summary of progress to date:

SEF & SIP give detailed breakdown of actions. Below is a summary of progress to date:

The 'Key Target Areas for Improvement' will align with Ofsted's key judgements and links directly to our Trust school's self-evaluation (updated termly). Each school has its own Improvement Plan (SIP) which details the actions to be taken across this academic year under the Key Target Areas listed below.

This Trust Improvement Plan focuses upon 'The Effectiveness of Leadership & Management' (Key Target 4)

Key Target 1	Outcomes for pupils
Key Target 2	Quality of teaching, learning & assessment
Key Target 3	Personal development, behaviour & welfare
Key Target 4	The effectiveness of leadership & management

Key Target 4: The effectiveness of leadership and management

4.1 To ensure the highest, consistent standards of T&L & assessment across the Trust. Appraisal linked to performance & standards with career progression developing leadership capacity across staff groups. Robust & rigorous monitoring, moderation & quality assurance.

4.2 To ensure the effectiveness of governance: Governance role and responsibilities defined with remit of each part of structure clear to allow for deep and accurate understanding of the Trust's performance, and of staff and pupils' skills and attributes

4:3 To ensure the staff complement is of the highest calibre at all levels across the Trust. In a climate of teacher shortages, to be able to attract, recruit and retain teachers of the highest standard in order to maintain a consistent high level of education to all children.

4:4 To ensure each school in the VAT operates in a building fit for purpose with internal & external environments conducive to inspirational learning.

4.5 To ensure SEND pupils receive high quality provision across every aspect of the curriculum

4.1 Trust Development Plan 2018 - 2019

4.1 To ensure the highest, consistent standards of T&L & assessment across the Trust. Appraisal linked to performance & standards with career progression developing leadership capacity across staff groups. Centred in robust & rigorous monitoring & quality assurance.

Success Criteria - what will be the impact by the end of the action plan? - what will be better?

- The values and vision of the Trust will be lived and walked by all members of 'Team Viking'
- Every aspect of Governance is highly effective in their role
- Leadership and management to aspire to be outstanding at every level, meeting all of 'Good' and elements of 'outstanding'
- Leadership roles and opportunities for staff across the Trust looks to continue to build leadership capacity with CPD at the heart of the appraisal process
- Successful induction of new staff across the Trust.
- Trust Leadership Team are united in purpose & work as team to fulfil common goal
- Clear roles and responsibilities in place for every member of 'Team Viking'.
- Effective communication across Trust personnel, with consistent practices modelled in each school to ensure well planned & organised events and smooth running of each school at all times

- Positive, supportive relationships in place based upon mutual respect amongst all staff. The promises detailed in the Viking 'Blue Book' are implicit across all staff groups resulting in strong team ethic and happy workforce.

In order to achieve an outstanding judgement, the following criteria will need to be met:

- Leaders and governors have created a culture that enables pupils and staff to excel. They are committed unwaveringly to setting high expectations for the conduct of pupils and staff. Relationships between staff and pupils are exemplary.
- Leaders and governors focus on consistently improving outcomes for all pupils, but especially for disadvantaged pupils. They are uncompromising in their ambition.
- The school's actions have secured substantial improvement in progress for disadvantaged pupils. Progress is rising across the curriculum, including in English and mathematics.
- Governors systematically challenge senior leaders so that the effective deployment of staff and resources, including the pupil premium and SEN funding, secures excellent outcomes for pupils. Governors do not shy away from challenging leaders about variations in outcomes for pupil groups, especially between disadvantaged and other pupils.
- Leaders and governors have a deep, accurate understanding of the school's effectiveness informed by the views of pupils, parents and staff. They use this to keep the school improving by focusing on the impact of their actions in key areas.
- Leaders and governors use incisive performance management that leads to professional development that encourages, challenges and supports teachers' improvement. Teaching is highly effective across the school.
- Staff reflect on and debate the way they teach. They feel deeply involved in their own professional development. Leaders have created a climate in which teachers are motivated and trusted to take risks and innovate in ways that are right for their pupils.
- The broad and balanced curriculum inspires pupils to learn. The range of subjects and courses helps pupils acquire knowledge, understanding and skills in all aspects of their education, including linguistic, mathematical, scientific, technical, human and social, physical and artistic learning.
- Pupils' spiritual, moral, social and cultural development and, within this, the promotion of fundamental British values, are at the heart of the school's work.
- Leaders promote equality of opportunity and diversity exceptionally well, for pupils and staff, so that the ethos and culture of the whole school counters any form of direct or indirect discriminatory behaviour. Leaders, staff and pupils do not tolerate prejudiced behaviour.
- Safeguarding is effective. Leaders and managers have created a culture of vigilance where pupils' welfare is actively promoted. Pupils are listened to and feel safe. Staff are trained to identify when a pupil may be at risk of neglect, abuse or exploitation and they report their concerns. Leaders and staff work effectively with external partners to support pupils who are at risk or who are the subject of a multi-agency plan.
- Leaders' work to protect pupils from radicalisation and extremism is exemplary. Leaders respond swiftly where pupils are vulnerable to these issues. High quality training develops staff's vigilance, confidence and competency to challenge pupils' views and encourage debate.

Increase best practice and collaborative teamwork. If one team has a great idea, then this should be shared for the benefit of the other offices.</p> <p>Implement a shift in culture particularly within the admin teams. In our informal review taken over the past three weeks, We have found there are too many excuses why work hasn't been done or why areas are not tidy, it seems an accepted practice to be negative about work load. Stricter implementation of GDPR within admin teams - clear desk policy and tidier working spaces.</p>				<p>Term 3 Oversee the change.</p> <p>Term 4 Review strengths and weaknesses of plan. Is it working in the best interests of not only the individual schools but the Trust too? Review appraisals and targets.</p>

<p>expectations on what the 'ideal' admin team member will look like.</p> <p>We can also share best/good practice/expertise of the current team members (for example TH is an expert in Bromcom, why not share her knowledge?) In fact, we should share her knowledge, if she was to leave, her skills would leave with her which would be disastrous for the Upton admin team. TH's input recording some of her knowledge in a webinar would also empower her within her role and she would develop skills as a result.</p> <p>Having training webinars available would free up time that Harvey/SNS waste across the three schools showing staff basics in computing, software applications etc.</p> <p>If there was a failure to undertake training, then this would be addressed in appraisals.</p>						
<p>4:6.5 Non-Educational Support Staff Competency Framework</p>	<p>LB TJH</p>	<p>Ongoing This would be something to work towards for next</p>	<p>Seek HR advice - is a competency framework possible for</p>	<p>Term 1-6 - Review job descriptions, look at practice in detail and what the</p>	<p>Increased emphasis on enhancing skills.</p>	<p>Team audits</p>

<p>I would like to create a VAT competency framework for our non- educational support teams.</p> <p>A competency framework would provide clarity on expectations. It would allow teams to benchmark current practice and allow for development in the future. I would like able to create professional development plans for these individuals, maximising their capabilities to create enhanced performance within the teams.</p>		<p>year once the review of the non-educational teams have been completed.</p>	<p>school support roles?</p>	<p>ultimate admin team member would look like. <p>4:6.6 Induction: Improve it!</p> <p>Introduction webinar/podcasts to VAT/individual schools.</p> <p>Would give an effective/efficient way of providing essential information to our new employees before they</p>	<p>LB ML HsoS TJH</p>	<p>Term 1-6</p>		<p>Term 1 & 2 research, seek software to create this.</p> <p>Term 2: SNS to create a staff survey form such as Key Survey</p>	<p>Professional induction package available to new employees</p>	<p>Feedback to staff mentors.</p> <p>Feedback from surveys.</p>

It would familiarise the new member of staff to key individuals, i.e ML, as EHT, HsoS, COO etc before they've even started.</p> <p>A new employee staff survey in the first month to determine their induction experience and how they find their new role. Could support employee engagement and will allow line managers to put remedial action in place where necessary.</p>					Well supported employees	
<p>4:6.7 Use cost information in HR reporting and improving the information made available to the Board of Trustees and HsOS.</p> <p>I would like to start highlighting the cost attached to sickness absence across the trust. We would attach a cost to each employee's absence and also add any cover costs on top.</p>	LB TJH	Ongoing	Time Access to relevant reporting documents	Term 1 ready for governors meeting If this is not possible, explore alternative options to gather this data regularly.	Improved information made available to HsOS Will allow HsOS to tackle persistence workplace absence and put remedies in place where possible.	Comparing reports during each phase of the year to ensure that persistent absence is improved.

<p>I wish to improve upon the current absence reporting that has happened in the past. I want more information supplied to HsOS such as mental health absence reporting, working days lost, use of Bradford Factor. Reviewed at the end of Term 3 & end of Term 6</p>					<p>Persistent absence highlights lower employee engagement, having access to better and regular absence reports will allow leadership to potentially identify root cause of issues and resolve, thus increasing employee engagement</p>	
<p>4:6.8 Recruitment Documents: To tighten up the return of recruitment documents such as a signed offer letter, contracts, learning agreement, ICT acceptable use policy I am keen explore the use of 'DocuSign'. This is an Adobe document that allows for an electronic signature. This will reduce any issues faced with employees not returning contracts and ensure an</p>	<p>LB</p>	<p>Ongoing</p>	<p>Will have a cost implication - £396 annually</p>	<p>Term 1: seek opinions of Executive Headteacher and discuss whether this cost implication will be possible within the budget.</p>	<p>Swift and timely return of documents. An even better and efficient recruitment process.</p>	<p>Will monitor how quickly documents are returned compared to the usual method.</p>

<p>electronic paper trail thus being cost effective but also efficient. Other companies in the private sector use this as a way of inducting staff. Digitalising recruitment/induction paperwork would mean we move away from the amount of paper produced as part of the recruitment/induction process which will cut costs.</p>						
<p>4:6.9 Develop working relationships as a CFO/COO team.</p>	<p>T-J H & LB</p>	<p>Ongoing</p>	<p>Time</p>	<p>Our joint targets - In house payroll and review of non-educational support staff will enable opportunities to form working relationships throughout the year.</p> <p>Milestones will be met in line with these individual targets.</p>	<p>Strategic planning -</p> <p>Joint up thinking</p> <p>Consideration of overlaps in roles</p> <p>Establishing the team in its first year.</p> <p>Administration and Finance staff working together with a customer service focus.</p>

Monitoring and Evaluation of Progress

The plan will be monitored and evaluated by Trustees. It will be reviewed three times a year during Trustee Meetings in Terms 2, 4 & 6. The Local Advisory Bodies (LABs) monitor the impact of actions within each school. This is fed back to the Trustees. LAB visits and links with their school will relate back to priorities highlighted in this document and individual school SIP.

The Trust Leadership Team will monitor and evaluate the Trust Improvement Plan alongside key aspects of their individual school Improvement Plan.

This plan is RAG rated across the year:

Actions completed/implemented

Action in process

Action not yet implemented

New action added after Term 1 as result of ongoing evaluation of Trust needs
