

## CALLING ALL PARENTS!

Can you help for 30 minutes tomorrow (Tues 12<sup>th</sup> September)  
After School ?

You will know from our newsletter that we're trying to set up a FOREST SCHOOL inside our little-used Environmental Area. Brazil Bros. have very kindly donated two lorry-loads of bark chipping to cover the path. **The bark will arrive tomorrow (TUESDAY) on the playground** and then we need to get it into the Forest School so that it doesn't get in the way of children's lessons or playtime.

If you have 30 minutes or so, can bring a spade/shovel and a bucket or even a wheelbarrow, please help us immediately after school. Children are welcome to help as long as they have a parent with them but we can't supervise them ourselves at this time.

Kind Regards

Mr Walker

Head of School
