

Plant up the pots!

Return any entries to Mrs Edwards' desk
(in Y5 next to Mrs Ballen's class) before
the end of term 2.

You have 24 seeds. Each seed will produce a flower.

You can use as many pots as you like but you must put the same amount of seeds in each pot.

Draw pictures to show how many pots you could use. How many different ways are there?

Key questions

What different strategies could you use to help solve this?

What number facts do you know that you could use?
