

*Pet Portraits*

*Term 2 Art Assembly*

*Art Competition*

*In honour of Pablo  
- our very own  
school pet - this  
term's art assembly  
will be looking at  
portraits of pets.*

Pets are  
spoilt  
and  
loved by  
people all  
over the  
world.

Can you  
recognise  
any of  
these  
famous  
people  
with their  
pets?

These 4 portraits of cats have been created by Picasso (2 on the left)

Renoir (top right) & Matisse.

Which is your favourite? Why?

*I would like you to create a portrait of one of your pets at home (or the pet you would like to have!).*

*A good way to start is to take a photo - your pet is very unlikely to sit still & pose for very long!*

*As usual -  
use any  
medium.*

*How has this  
portait been  
created?*

**Felt & thread**

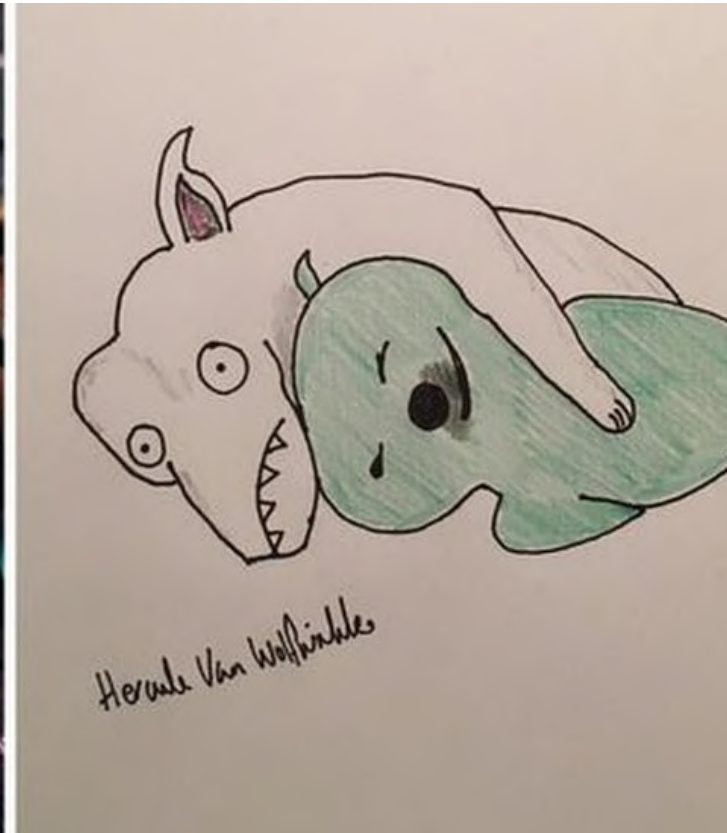

*What does this pencil portrait tell you about the personality of this labrador?*

Ahhhhhh.....so cute!

*Another  
incredible  
portrait made  
with a needle  
& thread!*

Have a go at  
combining 2  
different  
media.....

Watercolour  
& coloured  
pencil.

What do  
you think  
of this  
'photo-  
shopped'  
picture?

*A simple silhouette can be very effective.*

Again,  
these  
drawings  
tell us so  
much  
about the  
character  
of these  
wonderful  
pooches!!

A  
great  
picture  
made  
with  
just a  
black  
felt  
pen.

*Inspired by Van Gogh....*

*You can get  
incredible  
realism with  
just a pencil.*

*Your  
portraits  
can be  
ANY  
size....*

Of  
course  
pets  
come in  
all  
shapes  
&  
sizes...

An amazing  
pen & ink  
drawing of  
a guinea  
pig

*Some  
lovely  
images  
of pet  
rabbits.*

*A gorgeous  
acrylic  
painting of  
a pet  
goldfish*

How about  
this 3D  
model of a  
pet stick  
insect?

*A beautiful portrait that captures the frailty of mice.*

And finally...

Can you guess the  
names of Simon  
Cowell's pet  
Yorkshire Terriers?

Squiddly &  
Diddly!!

*Get creating?!! All entries to be in by end of this term  
- please hand in to the office.*

*Fabulous prizes for winners.*
