# Home away from home

- All residential dormitories are warm, comfortable and 100% secure.
- Girls and boys sleep in completely separate areas and teachers rooms are close by
- All bedding is provided by the centre - one of the very first tasks for all students is making up their own beds!
- Separate showers and toilet facilities are available for girls and boys.

# Food glorious food!

A varied choice is always offered, with both hot and cold meals, a salad bar, at least one vegetarian option and yes, sometimes even chips!

Plenty of juice and water is available at all times.

# Bedtime routine

Plenty of sleep is required to recharge the batteries, so lights are turned out promptly!

# Any questions?

# See it for yourself!
