

Year 6 'Darwin's Delights' Homework Menu
Choose one or more activities to complete.
Due in Friday 18th October

<p>Imagine you are the young Charles Darwin setting out on his expedition on HMS Beagle. Write an extract from his journal that describes his journey. You could present this as a scrapbook with doodles.</p>	<p>Choose an animal and describe, with annotated illustrations, how it has evolved to suit its environment.</p>	<p>What can you discover about Lonesome George, the last giant Pinta Island tortoise?</p>
<p>Create a new species of flower or plant. Be as imaginative as possible. Draw a detailed picture and give it a name.</p>	<p>Research a further scientist who had an interest in evolution and inheritance and create a fact file. You could explore the work of Alfred Wallace or Mary Anning.</p>	<p>Depict the evolution of man as creatively as you can.</p>
<p>Choose one of the countries on Darwin's voyage and research the wildlife.</p>	<p>Ask an adult at home if you can go fossil hunting! Local spots include Pegwell Bay and Dumpton Gap.</p>	<p>Create your own imaginary animal and explain how it has evolved to suit its unique environment.</p>
<p>Create a true or false quiz about Charles Darwin.</p>	<p>Create your own map of the Galapagos Islands including key features.</p>	<p>Research an extinct animal. Create a poster to teach younger children all about it.</p>
